Clark Murray

clarkamurray@gmail.com ● (859)-361-0593 ● Lexington, KY 40505 ● clarkmurray.github.io

Objective: To join a talented team as a junior developer where I can help to plan and build full-stack web applications while learning new technologies and continuing to hone my craft.

Technical Skills

Languages: HTML, CSS, JavaScript, PHP, SQL
Libraries & Frameworks: jQuery, React, Vue, Laravel, Bootstrap
Tools: Git, Sass, Webpack, Jekyll
Techniques: Object-Oriented Programming, AJAX, JSON

Projects

Backlogged (PHP, Laravel, Vue, Bootstrap)
- Media backlog manager built as a personal project

Laramail (PHP, Laravel, Bootstrap)
- Full-stack PHP/Laravel clone of Gmail developed as part of an agile team

IPAM (IP Address Management) (Vue, Vuetify)
- Converted the front-end of an IP address management system for a client from AngularJS to Vue

React Pokedex (React, Bootstrap)
- Built a SPA replica of the Pokedex from Pokemon

Work History

Freelance Web Developer, (December 2017 - Present)
- Build custom static and dynamic sites for clients

Claims Processor, Conduent Inc., (November 2016 - September 2017)
- Priced and resolved Medicare Advantage & NJ DIRECT health care claims for Horizon BCBSNJ utilizing multiple databases & entry systems

Court Records Researcher, Dawson & Co., (July 2016 - June 2017)
- Performed thorough background checks on misdemeanors and felonies utilizing the KYCourtsII database at the Fayette County District & Circuit courthouses
